Railroad-Union Trouble.

Tom Clarke, the engineer made his usual trip yesterday, and the Mechanics Union made no demonstration whatever. of \$1. U. S. Marshal Ash was on the train; so also was Gov. Kinkead, and when the Memphis yesterday. . train run into the Virginia depot, 2,000 people were on the platform. Superintendent Yerington put on 25 special po- poisoned by eating pickles. liceman at Carson, all armed, and ready to fight. Further developments are awaited with anxiety, though it is not probable the Union will brave the United States and the State.

Night before last a committee of three waited upon Mr. Clarke and warned Commander Cheyne. him not to run an engine into Storey county the next morning. Mr. Clarke replied that the train was due at 10:45 and if the engine did not run off the track he'd have it there on time. The committee was then arrested upon two charges: Conspiracy to interfere with trade and commerce and an attempt to compel a citizen to act against his will. They were admitted to bail in the sum of \$2,000 each. Mr. Yerington has notified all engineers in the employ of the V. &. T. R. R. to withdraw from the Mechanics Union. The Ormsby membess have refused to do so. He says he is entirely independent of the Union and will not be ruled by them. So far no disturbance has occurred.

Why Indians Ride Free.

This is said to be the reason why Indians ride free on the Central Pacific. Shortly after the road came into opera-tion it is related that a washout occurred near its eastern end. An Indian saw the trouble and comprehended the danger to the coming train. He ran five miles up the track, stopped the train and saved the passengers. When Crocker heard of the occurrence he marous in consequence. ssued an order that Indians should thereafter travel free on the Central Pacific.-[Gazette, 1st.

Another version of the story is that the Indians annoyed the trains so much when they first began to run by pulling up rails, shooting at them and lassooing the engines that the companies were compelled to let them ride free in selfdefence. Even now the hurricans deck and platforms are the only accessible places for poor Lo, but he rides as happy and contented as if he was in a Pullman Silver Palace Car.

Autopsy.

An antopsy was held on the body of the late J. S. Bowker yesterday morning. Apoplexy was found to be the direct cause of his death, but it was evidently the result of the wounds received when he was assaulted by De-Witt years ago. The rumor of opium being used is entirely baseless.

Oasis.

The plot of ground west of the Depot Hotel between the C. P. & V. T. tracks has been manured, preparatory to being made into a green spot. A fountain in the centre and a neat fence around it would make it an oasis pleasant to look

THE HERALD'S WAR ON TILDEN .-- The Herald continues its warfare on Tilden an l Robinson, saying that Tilden some months ago told a Southern Senator that the Democrats would lose New York this year, but that this would not matter as he could carry it next year. Governor Robinson's plan fits well to Tilden's prophecy, as though the two had come out of the same shop, and the public, which is often suspicious, will go near to believe that in fact the Governor is less solicitous for the important interests of the State than to secure his friend and patron Tilden's supremacy ih the State Convention. Meanwhile the Tribuno continues to ridicule the Democratic situation, pointing out that of the latest novelties in dress and dry if Tilden were really elected in 1876 and chested out of the election the Democracy can do no less than vindicate him in 1880, and if not so elected, then they have lied for three years in crying

Malaria Disarmed of Its Terrors. Mataria, that fell atmos, herio polson, is disarmed of its terrors, and health maured to thousands residing where the noxious expalse on periodically infects the air, and engenders intermittent and remittent fevers, by Hostetter's Stomach Bitters, the most popular as it is the best, of preventives, alteratives and tonics In numberless localities where the demand for sul phate of quinine was formerly immense, the huriful alkaloid has been almost entirely supplanted by this safe, agreeable and effective substitute, which is gental in action and much jectionable in flavor. It nullifies the influence of mussua by giving a more active impulse to every vital function, quickening and enriching the blood, overcoming a tendency to billiousness ind promoting digestion.

MISCELLANEOUS.

TALK IS CHEAP.-And so are fine

people who assert that they sell cheap

lo nothing of the kind. I do not boast

when I say that I defy competition in

prices in anything in my line. Besides

this I have only one price. I have no

preferred customers. Everybody is

treated alike at my establishment. My

stock is the largest and most complete

ever offered in any part of this State.

Everything I have is new. No old,

musty and out-of-date goods can be

found on my shelves. I receive daily

by rail and express the latest and best

goods, which are obtained at first hand

and sold at prices below those now pre-

vailing in New York and Chicago. Let

the people come and judge of my prices

and examine my stock before going

shops, in which they sell at cost and

even below cost. Anybody with com-

mon sense must know that they lie.

No storekeeper sells goods for the fun

of the thing. I make a profit on every-

thing I sell, as every honest merchant

does, and don't print foolish falschood

in the vain hope of deceiving the pub-

lie. One must make a profit to live. I

particularly call attention to my full

stock of funcy underwear, such as is

kept nowhere else in Reno. This class

of goods forms one of my specialties.

Remember the place. The White
